EXPERIENCE

REAL DEV SQUAD
MEMBER | JULY 2021 - TILL DATE

Contributing to RDS for the last 3 months I got to know a
lot of things. Real Dev Squad is an online non-profit open-
source free fun community for people in tech, mainly
developers, designers, college students, or product
managers, to come, learn and contribute towards building
a platform for our community, that helps upskill everyone.
After few notable contributions and active participation, I
became a member of the community.

MKD
JAVA SOFTWARE

Made billing software for a firm (MKD) that manages all
sales, purchases, and stock. It can print bills, show daily
and monthly sales, purchases, and profit reports. Can also
create a detailed excel file for a month.
